STEP INSIDE...

Snuggle up in your room and enjoy the solitude or socialize with new friends on the grounds of the property...in the breakfast room, on the front porch, by the pool, out on the lawn chairs, or in our fully-licensed, cozy living-room-style pub. When it's time to turn in, indulge in our luxurious linens or relax in your custom-designed room, many of which feature fireplaces. In the morning, join us for breakfast – our favorite time of day – for delicious, hearty, homemade specials. Try some of our favorites such as our famous Cottage Cakes with warm apricot sauce, homemade granola, or tomato basil quiche... every day is something new, cooked to order.

SEE VERMONT...

As a year-round destination, the Manchester region serves up Mother Nature's finest:

From fly-fishing to skiing...biking to snowmobiling... hiking to snowshoeing...and much, much more... if there's an outdoor activity you crave, you can find it here. And more than that, you'll discover museums, galleries, craft shops, cultural heritage sites, theaters, designer outlets, breweries, farmers markets, and many other gems that you'll only find tucked away in the corners of small town America. And oh...the restaurants! Explore on your own, or ask us for suggestions...because we LOVE giving away insider secrets (sssshhhh...don't tell). Anything you might want to explore on a Vermont vacation is possible with the Inn at Manchester as your home base.

WELCOME

TO THE INN AT MANCHESTER!

Make yourself at home in our intimate, owner-operated bed & breakfast as you discover the country charm and outdoor pursuits of our Southern Vermont community. With a story that dates back to 1889 – placing both the main Inn and Carriage House on the National Register of Historic Places – the Inn at Manchester has been welcoming guests since 1978... and we can't wait to welcome you too. Today, you'll find 21 comfortable rooms each with their own distinct character, the best breakfast in Vermont (well, perhaps we're a bit biased...) and a front row view of the Green Mountains.
