

— A CENTURY OF —
COMMITMENT
IN EVERY BITE

WE ARE DEEPLY COMMITTED to making the finest cheese and dairy products on earth. We're dairy farmers, we're cheesemakers, we're the 1,100 farmer-owners of Cabot Co-operative, and we feel lucky that we get to do this our way. The right way.

WE BELIEVE IN HARD WORK

and a tireless dedication to quality.

It starts with caring for the land, which makes the grass grow green and tall, which makes our cows happy—and happy cows produce the richest, most buttery milk.

WE THINK IT'S PRETTY SIMPLE:

the best milk makes the best cheese. Our farmers provide the highest-quality milk in the world, and our master cheesemakers use it to make the best cheese and dairy products you've ever tasted.

WE'RE PROUD OF ALL THE AWARDS:

they mean we must be doing something right. Cabot cheeses have won the U.S. Championship Cheese Contest and the World Championship Cheese Contest and every other major award for quality and taste.

WE KNOW YOU'LL TASTE OUR CARE & COMMITMENT

in every bite. We love everything about this life, whether we're working the land, making the cheese, or redesigning the packaging.

**IT'S OUR HONOR
TO MAKE THE WORLD'S
BEST CHEDDAR FOR YOU.**

DIFFERENCE**
